## MAY THROW SUIT OUT OF COURT

Judge Landis Raises Question of Federal Jurisdiction—Pepper Defends Organized Baseball.

Chicago, Jan. 21.—The question of federal jurisdiction and the renewed declaration that under the National and American leagues' modified contracts a player becomes a free agent the year after the expiration of his agreed term of service were features at today's session of the anti-trust suit against the most powerful bodies of organized baseball.

Judge K. M. Landis, who is hearing the case, brought up the question of jurisdiction again, and making the first statement on the side of organized ball, George W. Pepper of Philadelphia, of counsel for the defense, discussed it at some length after the Federal league attorneys had stated their case. Pepper asserted that the intervening suit of Lee Magee should not be regarded, and said the only federal question lay in the charge that the defendants maintained a monopoly in restraint of interstate commerce.

Sections of the Clayton law were then cited to show that labor is not regarded as an article of commerce, and the decision in the Hammerstein-Metropolitan Opera company case was brought in as another authority on the same subject. The decision, holding that the labor of opera singers was not commodity of commerce, was held by Pepper applicable to the labor of ball players. Judge Landis did not decide the question, and it was said tonight there was a possibility the case would be thrown out of court.

In his general argument, which followed after Keene Addington, counsel for the Federals, had ended his presentation of the plaintiff's case, Pepper insisted he did not know what the Federal league was asking to have enjoined.

"Their grievance is not that we prevent them from finding the young

A GOOD BANK ACCOUNT does not necessarily consist of a large amount of money. Regular deposits, daily for commercial accounts and weekly or monthly for individuals, with careful attention to the balance in account and an avoidance of overdrafts, is what makes the Banker smile—and your credit good.

ball players on the 'lot' and developing them through training in the various minor leagues, as we do; they want to attain in one bound the advantage we have gained through ten years of labor, they want to profit from the skill developed by our money," he said.

Pepper declared there were few cases of individual hardships worked against players by the ten-day clause, the reserve rule and the judgments of the national commission.

"It is noteworthy that neither the ten-day clause nor the reserve rule were specified by the Ball Players' fraternity as objectionable," he said. "We admit having made some mistakes. I do not believe I would have treated an old warhorse like Mordecai Brown the way he was treated, but I ask that the answers of the defendants to the affidavits of the players be read carefully. The latter omitted to tell their life story, how they were brought up from the minors and the progressively large salaries they have received."

Pepper gave a history of the game and the formation of the first agreement between the American and National leagues, which preceded the national agreement. These agreements he declared, were not for the purpose of protecting the parties to them from outsiders, but against each other. In 1913 the conditions under which baseball was played had reached a marked advance, said the lawyer, "and the recording angel, I believe, will find a balance to the credit side of our account," he declared.

The new rules regarding the option on a ball player's services, the attorney emphasizes, made for his liberty. "He is a free agent when he has served one season after the expiration of the term he signs for," he declared.

## MAIL CLERKS WIN BOWLING CONTEST

The Railway Mail Clerks bowling team of the Commercial league defeated the second Forestry team last night in a game played on the Bank Smokery alleys. Lemon rolled the high score and Reno the high average. The summary follows:

MAIL CLERKS.				
	1st	2nd	3rd	Total
Reiley	176	160	188	524
Lemon	208	172	124	504

## WRESTLING MATCH AT MARRIOTT HALL

Young Lesco, who claims the welterweight wrestling championship of the Pacific coast, is to meet Charles Raty of Marriott in a finish match next Tuesday night, in the Marriott hall.

The event will be preceded by a match between Lew Roberts of Ogden and Tony Campbell of Idaho. Following the wrestling program there will be a dance.

## LE JEUNE MAY JOIN FEDERALS

Sioux City, Ia., Jan. 21.—Larry Le Jeune of the Sioux City champion Western league team is on the warpath. He threatens to join the Federals. Le Jeune was drafted last fall by the Pittsburgh Nationals. Recently Manager Clarke called for waivers on him. Le Jeune now declares his transfer to the Pirates was merely a "cover up" deal by which he will be returned to Sioux City at a lower salary as a result of the economy move now in force in the Western league. He declares he will not stand for a salary cut and that flattering offers have come from Federal league managers. Le Jeune led the Western league in batting last year.

## GIBBONS SHADES JIMMY CLABBY

Sporting Writers Decide Ten-round-no-decision Bout at Milwaukee.

Milwaukee, Jan. 21.—Mike Gibbons of St. Paul, had a shade over Jimmy Clabby Hammond, Ind., middleweight, in a ten-round no-decision boxing bout tonight, according to a majority of sporting writers at the ringside.

Gibbons displayed marvellous footwork and was more clever in ducking than his opponent. Both men used their fists effectively, Gibbons' blows being mainly directed to the head and body, while Clabby played mostly for the body. Both men were strong at the finish.

Gibbons appeared to have the better of six rounds, two were even and two were Clabby's.

In the first round Clabby landed to Gibbons' face and body with stiff rights. Gibbons landed right and left to body at the close of the round.

Clabby started the second, peppering stinging lefts to face.

The third was uneven, the boys clinching and landing but few blows. Gibbons drove Clabby to the ropes at the opening of the fourth and sent lefts to the face. Gibbons started the fifth in whirlwind fashion and drove his left to head and body almost at will. Gibbons went through the sixth, placing rights and lefts to the face and body. The seventh was slow, the men saving themselves and tapping each other to the face and body. In the eighth Gibbons pushed the fighting, but the ninth round was tame. The last round was fast, both boys swinging hard to face and body. Clabby landed hard rights and lefts to the face and followed Gibbons across the ring driving in body blows. Gibbons retaliated with blows to the head at the end.

## ALPINE PLAYERS RACE FOR TROPHY

Lehi, Jan. 21.—One of the most sensational basketball races in the history of the sport is now under way in the Alpine division of the State league. Every one of the five teams is playing remarkably fast ball and a close race is assured. The standing of the teams at present is as follows:

	W.	L.	Pct.
Provo	2	0	1.000
Lehi	2	1	.667
Pleasant Grove	2	1	.667
Heber City	1	3	.250
American Fork	0	2	.000

So far Provo leads the league, but has a protested game with Heber to be thrashed out. Heber claims that Provo removed a player from the game and later put him in again, contrary to the rules.

Provo won its other game from Lehi at Provo. Lehi won its two games from Pleasant Grove and from Heber, the first by a decisive score, the latter by a very narrow margin. Pleasant Grove won hard fought contests from Heber and American Fork, both games being played in Pleasant Grove.

Two important games are scheduled for this week. American Fork goes to Heber to determine which shall occupy the cellar position, while Provo goes to Lehi tomorrow night to fight it out for first place.

The Lehi quietest remembers the defeat handed out in Provo and is now determined to turn the trick when Provo comes to Lehi. Both teams are in tip-top condition and Coach Miner of the Lehi team says the contest will be one of the swiftest ever seen on a local floor.

## ENTRY BLANK SENT AMATEUR ATHLETES

New York, Jan. 22.—Frederick W. Ruben, chairman of the Amateur Athletic union championship committee, yesterday sent to more than six hundred clubs throughout the United States, which are members of the union, the official entry blanks to be distributed among the athletes for the senior indoor championships of America to be held in Madison Square garden on March 4.

The following events make the program: Seventy-five-yard dash; 300-yard dash; 600-yard run; 1000-yard run; 2-mile walk; 70-yard high hurdles; standing high jump; standing broad jump; running high jump; pole vault for distance, 56-pound weight for height, and 24-pound shot put.

NEW BOWLING MARK.  
Elk Point, S. D., Jan. 21.—Darrel Hamlet, the Sioux City marathon bowler, broke the world's record here today by bowling 100 games in 9 hours and 56 minutes. His average was 183 pins. The former record for 100 games was 13 hours flat, held by Frank Griffith and J. F. Upson, bowled at Hartford, Conn., in 1908.

## N. J. O'CONNOR TO MANAGE CLUB

Directors of Salt Lake Baseball Club Select Newspaper Man for Business End.

While the directors of the Salt Lake baseball club failed to decide the park question yesterday, they settled an other issue which is of almost as great importance to the club.

They named W. J. O'Connor business manager of the club for the next year.

Mr. O'Connor is well known in the newspaper advertising business in this city and last year acted as club secretary for the Salt Lake team in the Union association during the closing months of the season. He is perfectly familiar with the duties of the position and undoubtedly will prove a valuable man to the club.

Mr. O'Connor was selected out of a list of over twenty applicants, and according to report he was the unanimous choice of the seven directors. The committee, composed of George O. Rolf, H. W. Lane and George F. Wason, nominated Mr. O'Connor when they reported and there was no opposition from the other four directors.

The new club secretary or business manager, took up his duties as soon as he was notified of his appointment. He will be in charge of the club headquarters, 317 Newhouse building, from now on. He and Manager Cliff Blankenship conferred late in the afternoon and most of the work of corresponding with players and clubs which has been on the manager's shoulders will be taken over at once by Mr. O'Connor.

The park question is still before the board of directors for consideration. It is understood that there is a split on the question, that the committee composed of Colonel Lawrence Greene, Rev. Elmer I. Goshen and M. R. Evans are in favor of one site, while the other four directors favor another location.

The committee investigated three different locations, and while they did not recommend that any one site be selected, they at the meeting looked upon one site with favor, although none of the directors would state which location was being discussed.

## AMATEUR BASEBALL SERIES PLANNED

Chicago, Jan. 21.—Details of a world's amateur championship baseball series between eastern champions and the best amateurs of the Pacific coast, to be played in the stadium of the Panama-Pacific International exposition late in October, are to be worked out at a meeting of the National Amateur Baseball Association of America, to be held in Cleveland January 28, according to an announcement here today.

The winner of the series will be entitled to retain possession for one year of the Patterson trophy and permanent possession of a cup emblematic of the world's amateur baseball championship for 1915.

The national association is expected to have a membership of 1000 clubs this year. The admission of California Association of Amateur Leagues resulted in steps being taken for the big series at the exposition. The sports and pastimes committee of the exposition has encouraged the plan and it is expected by officers of the association that the present plans will be ratified at the meeting in Cleveland next week.

In the elimination contests, the country will be divided into zones, each zone meeting the one nearest it in the elimination and semifinal series of the games.

## GRAIN EXPORTS BREAK DOWN

Washington, Jan. 21.—Five times as much wheat and six times as much corn were exported from the United States in December, 1914, as in the same month in 1913; flour exports increased more than 68 per cent for the same period; fresh beef increased more than twofold, and generally the exports of "breadstuffs," which includes practically all the staple grains, increased five times.

These figures were disclosed today in a preliminary statement from the department of commerce, issued in response to many inquiries as to what extent foodstuffs were going abroad with resulting abnormal prices at home.

The department's summary says: Wheat exports in December, 1914, aggregated 28,875,217 bushels, or five times the quantity in December, 1913, namely, 5,724,027. The average export price last December was \$1.25

per bushel, against 93 cents in December one year earlier. Of flour the month's export movement was 68 1-2 per cent more than in December, 1913, being 1,818,317 barrels, compared with 1,079,240 in the same month a year ago, and the value thereof was \$9,473,660, compared with \$4,903,223 in December, 1913.

Corn exports in December, 1914, amounted to 4,582,000 bushels, valued at \$3,554,592, against 749,124 bushels, valued at \$590,165 in December, 1913.

Fresh beef in December showed a total export of 6,594,248 pounds against 524,430 pounds in December, 1913, and 6,618,831 in the twelve months ended with December, 1913.

Pickled and salted beef doubled in quantity of exports, the December total being 2,951,050 pounds, against 1,467,743 pounds in the same month of the preceding year.

Comparing the export movement of the last two years, wheat increased from 99,360,278 bushels to 173,246,305 bushels; flour from 12,216,515 barrels to 12,625,135 barrels, and oats from 5,202,717 bushels to 35,029,555 bushels, while corn decreased from 44,709,954 bushels to 15,107,410 bushels. Fresh beef nearly quintupled, while pickled and salted beef slightly decreased in quantity of exports, the former advancing from 6,618,831 to 31,245,438 pounds, and the latter receding from 24,804,690 to 23,675,266 pounds, though this downward tendency was reversed in the closing months of the year.

LONG MOTOR BOAT RACE STARTS OCTOBER 5

Philadelphia, Jan. 21.—The date for the start of the proposed New York to San Francisco motorboat race has been fixed for October 5, according to an announcement made here tonight by Thomas D. Bowes, chairman of the eastern race committee. The committee has computed the course measurement at 5730 nautical miles, the 42 miles from Colon to Balboa not to be included, as each contestant will be allowed 48 hours for the passage through the Panama canal.

The rules for the race and entry blanks are now being prepared by the western racing committee with headquarters in San Francisco. Stops will be made at Charleston, Key West, Colon, Balboa, Corinto, Salina Cruz, Mazatlan and San Pedro.
